The Parkview Gardens plan is moving forward again. We have received a joint grant from Housing and Urban Development (HUD) and Department of Transportation (DOT) to develop housing, transportation, park and arts plans. 1. Review of the grant components
2. HUD and DOT grant requirements as they relate to the PPP
3. Role of the PPP
4. Structure of the planning process
 - a. Consultant selection
 - b. Major work task and deliverables
 - c. Subcommittees
5. Grants Management – City and Parkview Gardens Association
6. Timeline

Join the PPP in celebrating our success in receiving the grant and help us step off on the right foot as we move forward.
